

A middle-aged man with grey hair and a friendly smile is the central focus. He is wearing a bright yellow high-visibility safety vest over a dark blue zip-up jacket. The vest has reflective silver stripes and a small logo on the left chest that reads 'an' and 'just ask'. He is looking slightly upwards and to the right. In the background, another person is partially visible, wearing a blue and orange high-visibility vest. The background is blurred, showing what appears to be an outdoor industrial or construction setting with blue structural elements.

WELCOME TO ANTALIS

A partner you can trust.

Just ask Antalis

WELCOME

We are the UK and Ireland's leading supplier of paper, visual communications and packaging materials to the print, sign and display, office, industrial packaging and publishing markets.

At Antalis, we are entirely focused on one thing: your business. Our whole operation is focused on ensuring that we're easy to deal with, agile and adaptable. We take the time to develop a deep understanding of your needs so that we can offer you solutions to match.

Our product range is unrivalled in the UK and Ireland, but it is our close relationship with every one of our customers, based on well-earned trust, that sets us apart.

DELIVERING EXCELLENCE

OUR LOGISTICS SERVICE

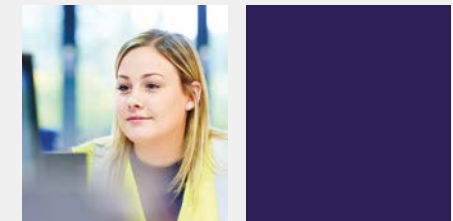

We know that if we are to become your trusted partner, we need to do more than provide access to the widest range of products – we need to deliver. That's why we operate a modern and reliable logistics operation that we're continually investing in and enhancing to ensure you receive the service you expect, every time.

We offer simple and convenient solutions to provide the fastest and most cost effective delivery for your requirements. We make around 800,000 deliveries of paper, packaging and visual communications products every year from our network of central and regional distribution centres to customers across the UK and Ireland. Our business is built on delivering excellence to customers and our logistics operation is at the heart of this culture.

We invest heavily in our technology and fleet – but our greatest investment comes in our people. We believe that if we have highly skilled and motivated logistics teams, who are dedicated to customer service, then you'll receive the best possible experience.

Not only are we proud of how we deliver, but we're also efficient. We offer a next-day delivery service, by a team completely focused on making sure that your product arrives in great condition and meets your expectations.

Have a special requirement? Just get in touch and our teams will work with you to find a solution.

VISUAL COMMUNICATIONS

Our visual communications specialists have developed one of the most comprehensive ranges of large format products and services in the market.

Our team is keen to be an extension of yours. Whether you are looking to grow your portfolio of products and services, thinking about investing in new hardware and would like some impartial advice, or want to keep up to date with the latest training and ideas for sign and display applications, we are here to lend our expertise to your business.

PRODUCT AND APPLICATION EXPERTISE

We stock more than 1,750 lines of large format visual communication rigid and flexible media, including brands such as Orafol, 3A, Coala and Drytac. At Antalis, we love digital print and can help you to expand your business portfolio and maximise the potential of your machinery.

HARDWARE PARTNERSHIPS

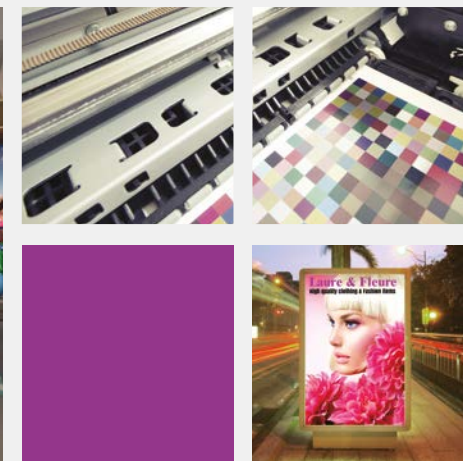

Working with our specialist partners Agfa, Granthams, Revolution Digital and Atech, we can provide you with the industry's first one-stop-shop for all your evolving large format needs. Offering you access to the world's leading manufacturers, Agfa, Mimaki, HP, Roland, Canon, Graphtec, Summa, Drytac, Vivid, Seal and Neschen, we can provide you with impartial advice and a truly consultative approach to ensure you find the correct solution for your business needs.

TRAINING

With over 30 different workshops on offer from Colour Management to Digital Wallcoverings, and Adobe Creative Suite to Vehicle Wrapping, our Academy is a centre for excellence in digital printing. Our hands-on workshops will help you discover new ways to diversify your business and maximise return on your hardware investments.

TECHNICAL SUPPORT

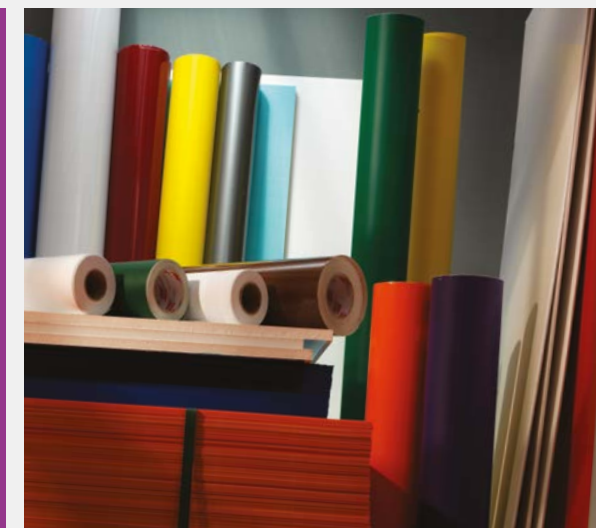

We offer a comprehensive technical support service covering media, application, printer, workflow and colour management, on-site or remotely.

We stock more than 1,750 lines of large format visual communication rigid and flexible media, including brands such as Orafol, 3A, Coala and Drytac.

”

PACKAGING

With a wide range of packaging materials, machinery and services, you can put your trust in Antalis to create the optimal packaging solution. Whether this is from our stock product range or a fully bespoke solution, we can meet your needs and budget.

MATERIALS

Our one-stop-shop of packaging materials from major brands such as Jiffy, Sealed Air and 3M, covers everything from boxes and tape, to stretch film and void-fill.

MACHINERY

Machinery is available to support every step of your packaging operation including case erecting, cushioning and void-fill, strapping and pallet wrapping – and we have the skills and expertise to select, design and install the solution that best meets your needs. All our solutions include machinery from some of the world's leading brands like Lantech, Sealed Air, FP and Ranpak.

BESPOKE SOLUTIONS

If you have a specific packaging challenge you need to solve or you're looking for something a bit different, don't worry, our in-house packaging technologists will create a bespoke pack design or solution to transform your packaging. We also offer customised materials to make your brand stand out.

FINDING YOU SAVINGS

We know that most packaging challenges are centred around the cost of materials, the amount of waste created and the time it takes to pack your items and get them out for delivery. Challenge our experts to work with you and apply their knowledge to help you improve your packaging operation and make savings:

- **On cost.** Our experts will create a tailored plan to help your business cut packaging costs without compromising quality.
- **On waste.** We'll help you select good quality packaging materials and solutions that perfectly fit your products and process, and in turn reduce material waste.
- **On time.** We'll help you discover where your packaging operation can be improved to speed up packing, reduce damages and prepare for fluctuations in demand.

CONSULTANCY

All of this starts with a smart audit. Not only will we support you on your packaging journey with all of the above items in mind, but we'll make sure you have packaging solutions that will WOW your customers and take advantage of the very latest in packaging innovations, products and technologies.

“Our one-stop-shop of packaging materials from major brands such as Jiffy, Sealed Air and 3M.”

PAPER

Whether you need creative, coated or offset printing paper, graphical board or self-adhesives, we have the range, service and expertise to meet your needs.

Our regional sales offices and distribution centres provide nationwide coverage to ensure we are close to your business and can respond quickly.

Our market leading range of products provides access to the well known brands in the industry, including Claro, Edixion, Print Speed, Novatech, reacto and Xerox.

DIGITAL PRINTING

In a rapidly evolving market, we have the widest selection of substrates for digital printing.

Our digital printing experts can guide you through the latest print technologies, and innovative new products to ensure you maximise the use of your digital equipment, generate new revenue streams and penetrate new markets.

From the latest Arjowiggins Creative digital paper range, through to Mohawk and Xerox Speciality products, our digital range will help you create powerful print pieces.

CONNECT

In Connect, you have a dedicated team of creative paper experts, there to help graphic designers and specifiers choose the best substrate for their creative print ideas. Challenge our team to help in the creative process of selecting the right paper and printing technique to bring any design to life.

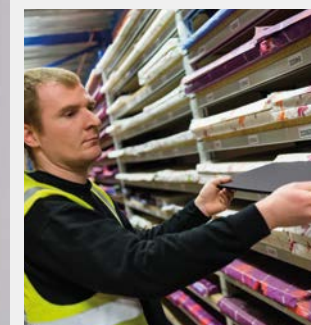

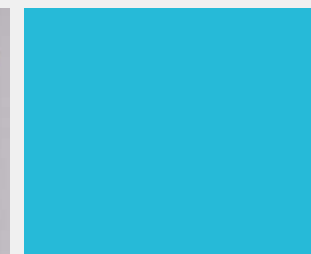

With a vast product range covering Arjowiggins' iconic brands such as Curious, KeayKolour and Conqueror, we can provide the right solution for every job. Our sample and dummy service can help you make an informed decision and our team will always strive to help you find cost effective solutions to work within your budget.

ENVIRONMENTALLY RESPONSIBLE

You can be confident we take our environmental responsibilities very seriously. We proactively engage all of our suppliers to ensure they are acting ethically and responsibly, and are sharing best practice to create a positive change in the industry.

We offer a comprehensive range of sustainable products, including the market leading recycled paper ranges, Cocoon and Cyclus. We also provide reliable and simple tools to support our clients in their sustainability strategies, including the Antalis Green Star System and a range of consultancy services to help your business gain company certifications such as ISO and FSC.

“Supplying the widest range of papers and boards to the print and publishing market.”

OFFICE

There's a new appetite for innovation in the office supplies world. So you'll be pleased to know that our range isn't just big, it's clever too. From digital office papers to creative papers and envelopes, we've got the latest media covered.

THE PAPER SPECIALISTS

We stock more than 2,000 lines of office paper, including the biggest brands such as Xerox, HP, Data Copy and Image.

- UK's widest range of office papers and envelopes
- Well known brands including Conqueror and Xerox
- Speciality media products
- Environmentally responsible options including recycled, FSC and PEFC certified.

AN ALL-ENVELOPING RANGE

Our wide range of envelopes includes premium quality corporate stationery from Conqueror, as well as metallic, translucent, textured and other creative envelopes. We offer the full range of commercial sizes, and stock recycled options too.

Antalis holds the licensing rights to market and distribute Xerox® branded paper and print media across Western Europe.

We stock more than 2,000 lines of office paper, including the biggest brands such as Xerox®, HP, Data Copy and Image.

ADDING MORE VALUE

When you're working with Antalis, it's not just our expertise and extensive product range that you have access to, but also a range of added value services.

THE ANTALIS ACADEMY

The Antalis Academy is a unique facility in the industry. We run a wide array of courses to ensure you have access to innovative techniques and are adopting a best practice approach to your operations. Everything from colour management and vehicle wrapping, to social media management, is available to you through the Antalis Academy.

SAMPLES SERVICE

We know that the specification of your materials is incredibly important to the quality of your finished product. That's why we run a next-day sample service to make sure a product is right for you. Our service includes supplying A4 or SRA2 samples as well as packaging and large format material too. Swatches are also available with printed and plain samples demonstrating the print qualities that can be achieved. Each swatch also details environmental credentials including FSC and PEFC.

ONLINE RESOURCES

Our products are available to purchase online with just a few clicks on the Antalis website, helping to save you time and making your order process much easier. Online you can check stock and prices in real time, save your favourite products or orders, request samples and manage deliveries (including reviewing your order and delivery history).

ADVICE YOU CAN TRUST

If you are faced with a difficult problem regarding which type of material should be used for a particular job, we can help advise not only which product to use, but also on the most cost effective size and weight to save you time and money.

With our in-house technical laboratories and highly experienced staff we are able to offer technical expertise and can provide expert knowledge on any of our wide range of products, or help you troubleshoot when you encounter an issue that affects your business.
