We are excited to offer a wide range of benefits to IPIA members. We all know how important technology is within our industry and that its key to assisting expansion of any business, especially those involved and connected within the scope of the IPIA. We offer a high level of IT know how alongside many years of print industry experience to implement projects successfully.

The business founder started back in 1993 within the pre-press and then print sectors, moving into IT infrastructure and then onwards to delivering entire company services, email, website, CRM systems and much more.

Scope of the offers:

As printers and print manager's, new businesses come to your door for marketing material from both individuals who are building side hustles, to new or expanding companies. We want to help you to help them too. As well as assisting IPIA members directly, we are extending our offers to include introductions made through your company that include opportunities sourced either internally or externally to your business.

Offers:

Having been providing website build and hosting services for more than 10 years we partner with a number of different hosting providers and are pleased to extend those services to IPIA members with the following benefits and inclusive items:

- 10% discount on website builds
- 10% discount on website integrations
- 10% discount on hosting (shared, VPS and dedicated)
- 10% discount on domain names
- 5% for internal/external business generated from the IPIA Member
- FREE CRM with unlimited users when you take a VPS package
- FREE Wildcard secure certificates
- FREE Website audit
- Free 14 day trial chat function website (live-chat or programmable chatbot)

How to access this benefit:

Please send an email to ipia@planetdigitalevolution.com with your IPIA membership number to discuss your requirements
