

Reforest. Sequester. Sustain.

printreleaf.

Sustainability as a Service

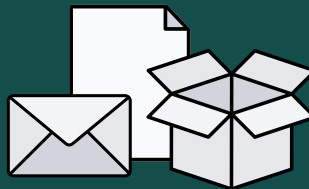

Join The Industry Leader of Automated Environmental Offsets

Offset your environmental impact with certified global reforestation & verified carbon offsets

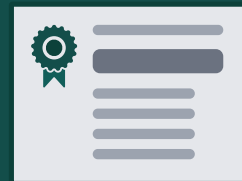

Measure

PrintReleaf collects your paper and fiber-based materials consumption data automatically or via streamlined monthly data workflows.

Calculate

Data is analyzed to calculate how many trees were used and how much greenhouse gas was emitted for the paper and materials consumed.

Offset

Trees are planted in certified global reforestation projects & verified carbon offsets are issued in the equivalence.

Make a Difference

Biomass Offsets

Carbon Offsets

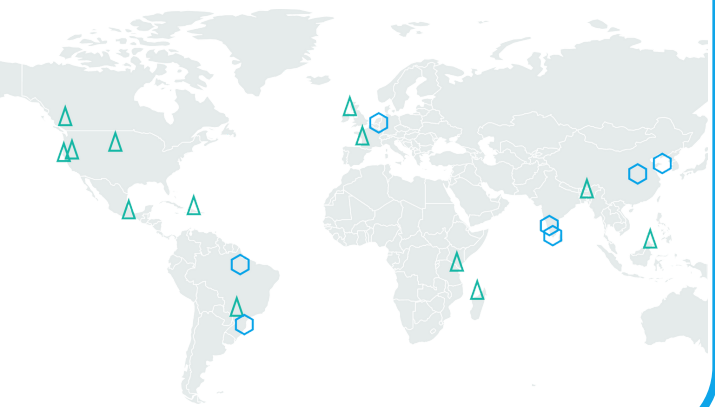

Track your environmental impact, choose your offsets, and share your progress with an intuitive dashboard and lifetime certificates.

Global Impact

Environmental footprints are not limited to where business operations are centered. Your offsets will be where they matter most, as we fight climate change, together.
